

Saint Patrick High School  
5900 W. Belmont Ave.  
Chicago, IL 60634

Dear Parent(s):

Quest Food Service provides breakfast and lunch services for your student at Saint Patrick High School. We are providing this information to explain the benefits of this program. All of our students are eligible to take full advantage of a pre-paid lunch program called Quest Debit Program.

The system will end the morning money frenzy and speed up the lunch lines. It also prevents loss of money and can help parents know where the money is going. This program is very helpful to the parents, student, and the school food service. To enroll your student, we recommend \$250.00. That amount can last for the first semester or so. You may use the form on the bottom of this letter to start the program.

The computerized system maintains a record of how your student is spending his deposited funds. A parent can request an account history or balance from our Cafeteria Manager at any time. **We use the school ID card for each purchase: it is essential for your student to use his ID card.**

At the end of the school year any under classmen's account will rollover to the following year. Any student who would like to cash out his unused balance will be charged a \$20.00 service fee. Any balance remaining for students no longer in attendance will be credited to the school within 60 days of nonuse.

We know you will find our Quest Debit Program beneficial and look forward to serving breakfast and lunch to your student daily in the upcoming school year. If you have any questions or concerns, please feel free to call the school Cafeteria Manager at any time.

Sincerely,

Quest Food Management Services Inc. at Saint Patrick High School
